

**Product Release**

**“Axis Q1755” the latest Network Video Camera with HDTV quality  
With 12x digital zoom. You won’t miss anything.**

**Axis Communications emphasize its network video solutions market leader unveils Axis Q1755**, the latest network video camera with HDTV quality delivers 1080i resolution. With 10x optical zoom and 12x digital zoom, you won’t miss anything.

Axis Q1755 is user-friendly designed with built-in slot for an SD/SDHC memory card which makes it possible to store days of recording without any external equipment. Power over Ethernet (IEEE 802.3af) supplies power to the cameras via the network, eliminating the need for power cables and reducing installation costs, it includes a “Gatekeeper” functionality which provides efficient surveillance in every circumstance.
