**Axis introduces the first pan/tilt/zoom
network camera on HDTV quality**

Axis Communications presents AXIS P5534 PTZ Dome Network Camera, the first highest video quality pan/tilt/zoom camera with HDTV performance and 18x zoom for indoor surveillance applications. AXIS P5534 offers 1280 x 720 pixel resolution, full frame rate, and high color fidelity. The camera can deliver multiple, individually configurable H.264 and Motion JPEG video streams simultaneously. It's also has day and night functionality for high image quality in low light conditions together with an IP51-rated protection against dust and dripping water. The PTZ camera also provides 18x optical and 12x digital zoom with autofocus, can be powered through High Power over Ethernet and incorporates the Advanced Gatekeeper functionality. AXIS P5534 is ideal for use at airports, train stations, warehouses, shops and schools.
