

## Product Discontinuation Statement

This document outlines Axis products that have been discontinued or will be discontinued, and indicates the relevant replacement products.

The following products are covered by this statement:

- AXIS Q8721-E
- AXIS Q8722-E

### **Final Order Date**

Due to discontinuation of a critical component, there is a limitation of units we are able to produce during the phase out of the AXIS Q8721/22. Successor products are under development, planned to be launched during the first half year of 2017.

The **Final Date** that a Discontinued Product in the list below can be purchased from Axis is **December 31, 2016**. **The date is indicative, since the availability time wise is depending on the demand.** Customers will be given the information of the Product Discontinuation starting **August 19th, 2016**. Please note that an unforeseen increase in demand can cause out of stock before the final date.

### **Discontinued Core Products**

Discontinued Product	Replacement Product
AXIS Q8721-E 35 mm 30 fps [0489-00X]	<b>AXIS Q874X-E/-LE</b> <b>Dual PTZ Network Cameras</b>

AXIS Q8722-E 35 mm 30 fps [0493-00X]	
AXIS Q8722-E 35 mm 8.3 fps [0492-00X]	
AXIS Q8722-E 60 mm 30 fps [0495-00X]	
AXIS Q8722-E 60 mm 8.3 fps [0494-00X]	

### **Support and RMA Policy**

Axis will continue to give world-class support and RMA service for the Discontinued Product until **December 31, 2021**, which is always 5 years after the final order date. As long as the product is within the warranty period, the RMA service is for free. If the warranty period has expired the Out Of Warranty price list applies.

Axis RMA service will be based on the Discontinued Product as the primary alternative. When this is not possible, the replacement product will automatically be the alternative stated in the table above.

No additional feature development will be made for the Discontinued Product, effective **December 31, 2016**.

Lund, Sweden, August 10<sup>th</sup>, 2016

Erik Mårtensson,  
Product Manager, Axis Communications
