## Happy birthday Martin Gren - Inventor of the IP camera celebrates his 50th birthday

**Martin Gren, co-founder of Axis Communications and IP camera inventor and pioneer celebrates his 50th birthday on Saturday.**

A company visionary, Martin Gren has had 19 years of engineering and entrepreneurial experience and is currently a member of the board of Axis AB, the Swedish parent company.

Over the years, Mr Gren has been the driving force behind several of Axis' new business and flagship products in Europe, Asia and the United States. These have included network print servers, IBM connectivity products, ASIC's and scan servers as well as playing an instrumental part in Axis' state-of-the-art business today in particular its network video camera technology.

Phil Doyle, managing director, Axis Communications, said: "Martin has been a fundamental part of Axis' success over the last decade and continues to drive the company forward through research, development and technological innovation. We wish Martin many happy returns on this milestone birthday."

Mr Gren is also a board member of Tobii Technology AB, H Lunden Holding AB and Askero Sagoboks Förlag AB. For more information about Axis Communications visit [www.axis.com](http://www.axis.com).
