

HI-TECH SECURITY SOLUTIONS

01 Aug 2010

Page : 52 #

Axis Communications will have a strong presence at this year's IFSEC Securex 2010 exhibition, making a firm stand for network video solutions. A new series of high-performance, outdoor ready pan/tilt/zoom (PTZ) domes, including two HDTV models, for demanding surveillance applications such as city surveillance, airports, harbours and outdoor stadiums will be showcased at the event. As a global market leader in network video, Axis is driving the technology shift from analogue to digital network-based security solutions.
