

AXIS Camera Station S1216 Rack Recording Server

Flexible and scalable recording server

Featuring powerful components, AXIS S1216 Rack offers high performance and support for powerful applications and features. This secure, scalable recording server includes AXIS Camera Station licenses and several empty hard drive bays for flexible storage configurations. It uses a Trusted Platform Module (FIPS 140-2 level 2 certified) to encrypt both the operating system drive and stored video, comes preloaded with pre-configured software and 8 TB of storage. Plus, all supported products are available in one price list for a one-stop-shop experience. Furthermore, it offers services such as Keep Your Hard Drive, Next Business Day Onsite Support, and a 5-year warranty.

- > Scalable and powerful solution
- > Secure server with TPM
- > Includes 8 TB
- > 16 AXIS Camera Station licenses included
- > Extensive support and 5-year warranty
