

AXIS TQ1827-VE Safety Cabinet

Electrical safety cabinet for dome cameras

This robust cabinet protects internal equipment and is pre-assembled with Electrical Safety Kit A 120 V AC or Electrical Safety Kit B 230 V to ensure the safety and proper operation of the electrical equipment inside. It can handle extreme temperatures, harsh environments, and vandalism, and it complies with the 4M4 vibration standard to withstand vibrations and mechanical stress. Compatible with selected Axis dome cameras, it's lightweight, easy to install, and comes with a stainless-steel mounting plate, pre-mounted cable gaskets, DIN rail, and cabinet door screws. Ideal for remote locations, it safely houses and protects both mains power and low-voltage units.
