

Welcome to Axis!

The world leader in network video, headquartered in Lund, Sweden.

About Axis

Axis Communications was formally founded 1984 by Mikael Karlsson, Martin Gren and Keith Bloodworth. The year before, Martin Gren and Mikael Karlsson founded the company Gren & Karlsson Firmware. With Mikael's knowledge and understanding of International Business, Martin's technical expertise and Keith's skills in sales models they formed a complementary and dynamic combination. By the end of the 1980s Axis had established a position as one of the three world leaders in protocol converters/printer interfaces.

With the emergence of new technologies and the growing importance of network accessibility, Axis broadened its connectivity scope to include solutions for network printing and document management in wired and wireless environments. In response to the convergence towards IP-based systems, Axis also focused increasingly on applications for video surveillance, remote monitoring, and web broadcasting, and introduced the world's first network camera in 1996.

While Axis has come a long way since then, one thing hasn't changed – Axis' dedication to serving the market with a consistent succession of winning network video solutions that expand the users' potential. Today, Axis is the world leader in network video, focusing on a new wave of innovation, making advances in light sensitivity, dynamics, color reproduction and resolution in its network cameras. Beyond that, Axis is also successfully moving into new markets that Axis is calling the Internet of Things, such as access control, network horn speakers and IP video door stations. Driven by the vision to come up with new, innovative, smart solutions that meet user needs, Axis will expand its portfolio to keep achieving that.

Axis Communications Dubai

Our office in Dubai is located in the Dubai Airport Free Zone (DAFZA). The Emirate of Dubai is one of the seven emirates which has a large expatriate community. Dubai began to thrive as new laws granted tax exemption to expatriates which led to a number of foreign workers entering the city. Once oil was discovered in the city, the late Sheikh Rashid bin Saeed Al Maktoum began to develop the city, transforming it from a small cluster of settlements to a modern city and commercial hub. Dubai has now exploded in growth with modern wonders such as the Burj Al Arab and Burj Khalifa. The city is constantly expanding with new innovations and new opportunities planned to create more growth in the areas of international business and tourism.

Contact us

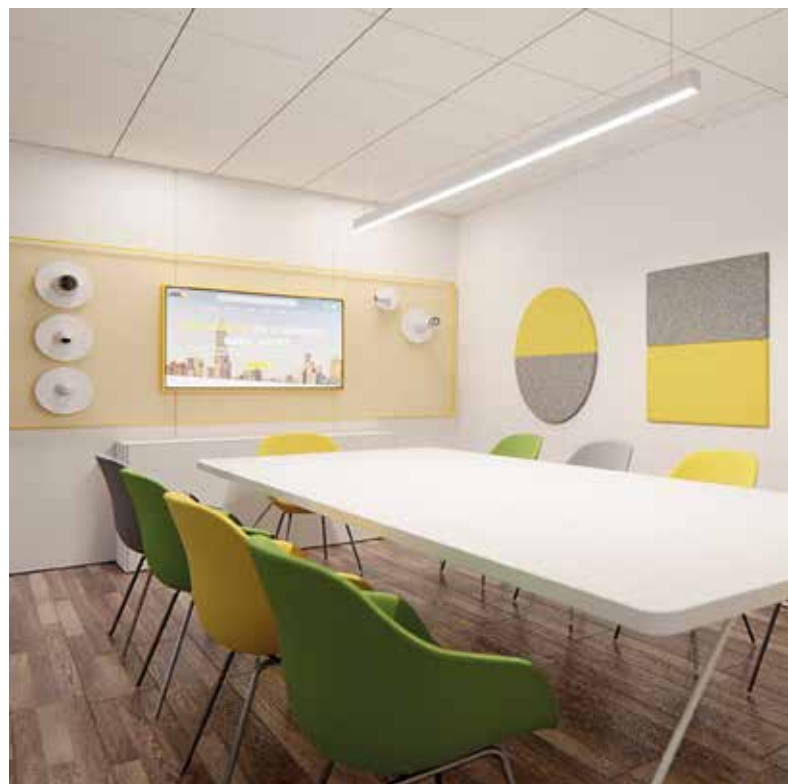

Axis Communications FZE
4WB 837, DAFZA, Al Twar
Dubai, 293637, United Arab Emirates
+971 46 091 873

Currency

The official currency in Dubai, United Arab Emirates, is the Emirati dirham (AED). Cash machines are commonly available, and credit cards are accepted at most vendors, including shops, restaurants, taxis, and parking garages.

Dialing in Dubai

The country prefix for Dubai is +971. Calling the Axis office within Dubai is done by dialing 046 091 873. Please remember that roaming charges may apply. For correct pricing and dialing information at the hotel, contact the front desk.

Directions to Axis

By air

Dubai International Airport (DXB)

The closest international airport is Dubai International Airport located in Dubai, United Arab Emirates, which is approximately a 15-minute drive to the Axis office. This airport serves most parts of the world with direct flights.

www.dubaiairports.ae

By car

The Axis office is located directly by the Dubai Airport Free Zone and offers parking designated for guests only, directly by the office. This will allow you to park for free during your visit.

By taxi

Our preferred taxi companies are Uber or Careem.

Uber: www.uber.com/ae/en/
tel: +971 4 224 5555

Careem: www.careem.com

Guests arriving at Dubai Airport going directly to Axis are recommended to use a taxi. Cost for this is approximately 45.00 AED.

These taxi companies will also accept major credit cards as payment for the trip. As taxis can be busy during rush hours, we recommend reservation the night before if possible. This can also be done via the hotel, which will ensure that the taxi will use correct rates. *Please note Uber is slightly more expensive than Careem but does offer more luxury and comfort.*

Staying in Dubai

Dubai

Zabeel House Hotel

The Greens,
PO BOX 214362
Dubai, United Arab Emirates
+971 4 519 1111

www.jumeirah.com/en/stay/dubai/zabeel-house-the-greens
