

Product Discontinuation Statement

This document outlines Axis product sales units that have been discontinued or will be discontinued, and indicates the relevant replacement products.

This statement covers the following bundles:

- AXIS M7014 Surveillance Kit
- AXIS P7214 Surveillance Kit
- AXIS M7016 ACS Kit
- AXIS P7216 ACS Kit

The abovementioned products are 4 and 16 channel encoders that are bundled with 4 and 16 AXIS Camera Station software licenses. The new licensing model of AXIS Camera Station only requires one license per device and it is thus better to buy the device and license separately. That is why the bundles below are discontinued.

Final Order Date

The **Final Date** that these products can be ordered from Axis is **May 31, 2016**.
