

Product Discontinuation Statement

This document outlines Axis products that have been discontinued or will be discontinued, and indicates the relevant replacement products.

The following products are covered by this statement:

- AXIS Q8631-E (all variants)

Final Order Date

Due to out-of-stock of critical components, a limited amount of AXIS Q8631-E can be produced. Successor products are under development, planned to be launched during the Q2 2017.

The **Final Date** that the Discontinued Product in the list below can be purchased from Axis is **June 30, 2017**. **The date is indicative, since the availability is depending on the demand.** Please note that an unforeseen increase in demand can cause out of stock before the final date.

Support and RMA Policy

Axis will continue to give world-class support and RMA service for the Discontinued Products until **June 30, 2022**. As long as the product is within the warranty period, the RMA service is for free. If the warranty period has expired, the Out Of Warranty price list applies.

Axis RMA service will be based on the Discontinued Products as the primary alternative. When this is not possible, the replacement product will automatically be the alternative stated in the table above.

No additional feature development will be made for the Discontinued Products, effective **June 30, 2017**.
