IMPORTANT: Do not make any purchase or shipping decision relating to any dual-use product based solely on this chart. This chart is provided as a general summary of various different requirements set forth in multiple regulations and statutes. It is not intended to provide any definitive answer as to the exportability of any particular product nor is it intended to be relied upon for any purchase or shipping decision. In addition, it is not intended to be a complete listing of all provisions, regulations or statutes relating to the sale of Axis Communications dual-use products. Axis Communications Inc. will make all decisions, including approvals of orders, shipping instructions and license requirements based upon an independent review of the facts and circumstances of each order. Therefore, this chart should not be relied upon in any way other than for the purpose that it is intended which is to provide potential customers with a general overview of the regulatory framework relating to Axis Communications dual-use products. You are strongly encouraged to seek your own counsel for advice regarding the export, re-export, re-transfer, and import of any dual use product before making a purchase decision.

***Please note that Axis Communications Inc. is not liable for re-exporting products to end customer. It is the responsibility of the buyer from Axis to ensure proper licensing and authorizations for export or re-export. Axis Communications Inc. will not accept any liability on the re-export***
