

AXIS T92G20 Outdoor Housing

Robust and spacious with built-in IR illumination

AXIS T92G20 Outdoor Housing has a robust metal casing with IP66/IP67, NEMA 4X, and IK10 ratings for protection against dust, UV radiation, water and impact. It is spaciouly designed to house cameras with large CS-mount lenses and connecting accessories. With efficient cooling fins and heaters, the housing maintains optimal conditions for sensitive components, and enables cameras to operate in both extremely hot and cold environments. Suitable for fixed box cameras in both indoor and outdoor installations, AXIS T92G20 offers built-in IR illumination for outstanding surveillance in the dark, and PoE connectivity for easy one-cable installation.
