

# AXIS Visitor Entry for Genetec

## Create QR Codes for easy visitor access

AXIS Visitor Entry for Genetec streamlines the management of visitor entry and ensures secure, efficient, and convenient access. Operators simply register the visitor's profile and entry details in Genetec™ and email the QR Code® to the visitor. On arrival, the visitor presents their QR Code to the Axis intercom or camera embedded with Axis Barcode Reader. Once accepted, the door controller unlocks the door. This is part of several Axis and Genetec end-to-end QR Code entry solutions.

- > **Create QR Codes for instant access**
- > **Convenient, cost-effective, and easy-to-use**
- > **Ideal for today's mobile-enabled society**
- > **Part of several QR Code entry solutions**
