

AXIS TW1201 Body Worn Mini Cube Sensor

The wearable camera for everyone

AXIS TW1201 Body Worn Mini Cube Sensor is designed to be extremely discreet and to offer flexible positioning for recording. Its small size, low weight and an easy-to-move magnet mount make it suitable for wearing on lightweight material like the lapel of a blazer, or even a t-shirt. AXIS TW1201 provides the same optical performance as AXIS W100, delivering sharp images even in challenging conditions. It comes in both white and black.

- > Extremely discreet
- > Lightweight
- > Same optical performance as AXIS W100
- > Flexible magnet mount
- > For use with AXIS W100
