This document outlines Axis products that will be discontinued and indicates the relevant replacement products.

The following products are covered by this statement:

AXIS M3044-V [0802-XXX]	AXIS M3064-V [01716-XXX]
AXIS M3044-WV [0803-XXX]	AXIS M3045-WV [0805-XXX]

AXIS M3046-V 2.4MM [0806-XXX, 6806-XXX]	AXIS M3066-V [01708-XXX]

As of issuing this statement, stock replenishment for concerned products will be phased out. No additional feature development will be made for the discontinued products. LTS firmware tracks will still receive security patches.

Please note that AXIS M3045-WV is not covered by this discontinuation; it will be discontinued later.

- **Final order date: June 30, 2020**

This is the forecasted final date that the discontinued products can be purchased from Axis. Please note that an unforeseen increase in demand can cause products to be out of stock before the final order date.

- **End of Support: June 30, 2025**

Axis will continue to give support and RMA service for 5 years after the final order date. As long as the product is within the warranty period, the RMA service is for free. If the warranty period has expired, the Out of Warranty price list applies. Axis RMA service will be based on the discontinued product as the primary alternative. When this is not possible, the replacement product will automatically be the alternative stated in the table above.
