

# AXIS Barcode Reader

## QR Code reader for seamless access

AXIS Barcode Reader is an edge-based analytics application that works with Axis intercoms, cameras, and door controllers to offer reliable QR Code<sup>®</sup> entry for visitors. The reader is an essential part of a mobile credential access control solution, allowing you to provide temporary access without the cost, complications, or waste of purchasing, managing, and disposing of physical cards. It's installable on a range of Axis cameras and intercoms and perfectly complements AXIS Camera Station Secure Entry, yet it is also compatible with third-party systems, ensuring seamless integration with your preferred solution.

- > **Reliable, cost-effective QR Code reader**
- > **IP solution—no physical wiring**
- > **Scalable and edge-based**
- > **Single- and multi-door support**
- > **Flexible and future-proof**

*QR Code<sup>®</sup> is a registered trademark of Denso Wave Incorporated in Japan and other countries.*

# AXIS Barcode Reader

## Application

<b>Compute platform</b>	Edge
<b>Licenses</b>	Required
<b>Supported devices</b>	For a complete list of recommended and supported products, go to <a href="https://axis.com">axis.com</a>
<b>Settings</b>	Cooldown Text overlay Sends QR Code using OSDP and Wiegand interface protocol Supports dynamic QR Code
<b>Security</b>	Server certificate validation
<b>Doors</b>	Supports up to five doors
<b>Configuration</b>	Includes web configuration

## Scenarios

<b>Typical applications</b>	Identifies and reads QR Code as a credential in use with access control systems
-----------------------------	---

## System integration

<b>Supported platforms</b>	AXIS Camera Station Secure Entry OSDP and Weigand integration with third-party physical access control system via A8207-VE MK II
<b>Application Programming Interface</b>	Open API for software integration, including VAPIX® and AXIS Camera Application Platform; specifications at <a href="https://axis.com">axis.com</a>

## General

<b>Languages</b>	English
<b>Access device settings</b>	QR Code up to 200 bytes
