

AXIS A4612 Network Bluetooth[®] Reader

Bluetooth reader for easy, flexible access

Fully integrated within Axis end-to-end solutions, this sleek and durable Bluetooth reader offers convenient access using your mobile phone. It also supports most types of RFID card standards with 13.56MHz credentials. Easy to install in tight spaces, this IP55-rated device is ready for installation both indoors and outdoors. And the glass front panel is scratch-resistant. With PoE, you can connect to the closest network switch with a single cable for both power and connectivity - no need to wire back to the door controller. Plus, it offers remote maintenance possibilities over the network, with lower costs and higher security.
