

## Revoke - Product Discontinuation Statement

This document serves as a revocation of an earlier sent discontinuation of this accessory.

The following product is covered by this statement:

Revocation of Discontinued Product
AXIS M30 SMOKE DOME A 5P (5507-421)

This product was earlier discontinued since it was thought not to have been compatible with the recently launched M308x cameras. At the time of discontinuation, it was not clear whether or not the domes on the M306x would be needed on the M308x series.
