2N – AN AXIS COMPANY*	54

**This chart reflects 2N products sold by Axis Communications in Americas and APAC. Axis Communications distributes and supports 2N products and solutions in the Americas and Asia Pacific (please check the product availability with the Axis team for the Asia Pacific region).*

Axis warranty – 5-year warranty for peace of mind

- ◆ 5-year product warranty
- ◆ Trouble-free ownership
- ◆ Better control of overall costs
- ◆ Enhanced RMA support
- ◆ First-class quality and support

Axis 5-year warranty covers most of our product portfolio (see datasheet for exceptions).

For more information, see: [Warranty](#)

AXIS OS software support

- ◆ Future proofs your Axis device
- ◆ Approximately 8-12 years of support, depending on product*
- ◆ Choose between active track, long-term support (LTS) track and in some cases also product-specific support (PSS) track

For more information, see: [AXIS OS Portal](#)

Axis tools – help at every stage

Axis offers a range of powerful tools that help you to save time and be more efficient at every stage of your project. From finding the right products and planning your sites, to installing and managing your systems.

For more information, see: [Tools](#)

Product selector – find and compare

Go to the Axis product selector to find and compare our products, and choose the ones most suitable for your needs.

For more information, see: [Product selector](#)

Axis Communications Academy

Learn. Know. Grow.

Axis Communications Academy's industry-recognized training gives you deep knowledge about the latest solutions, technology, and trends delivered by the industry experts.

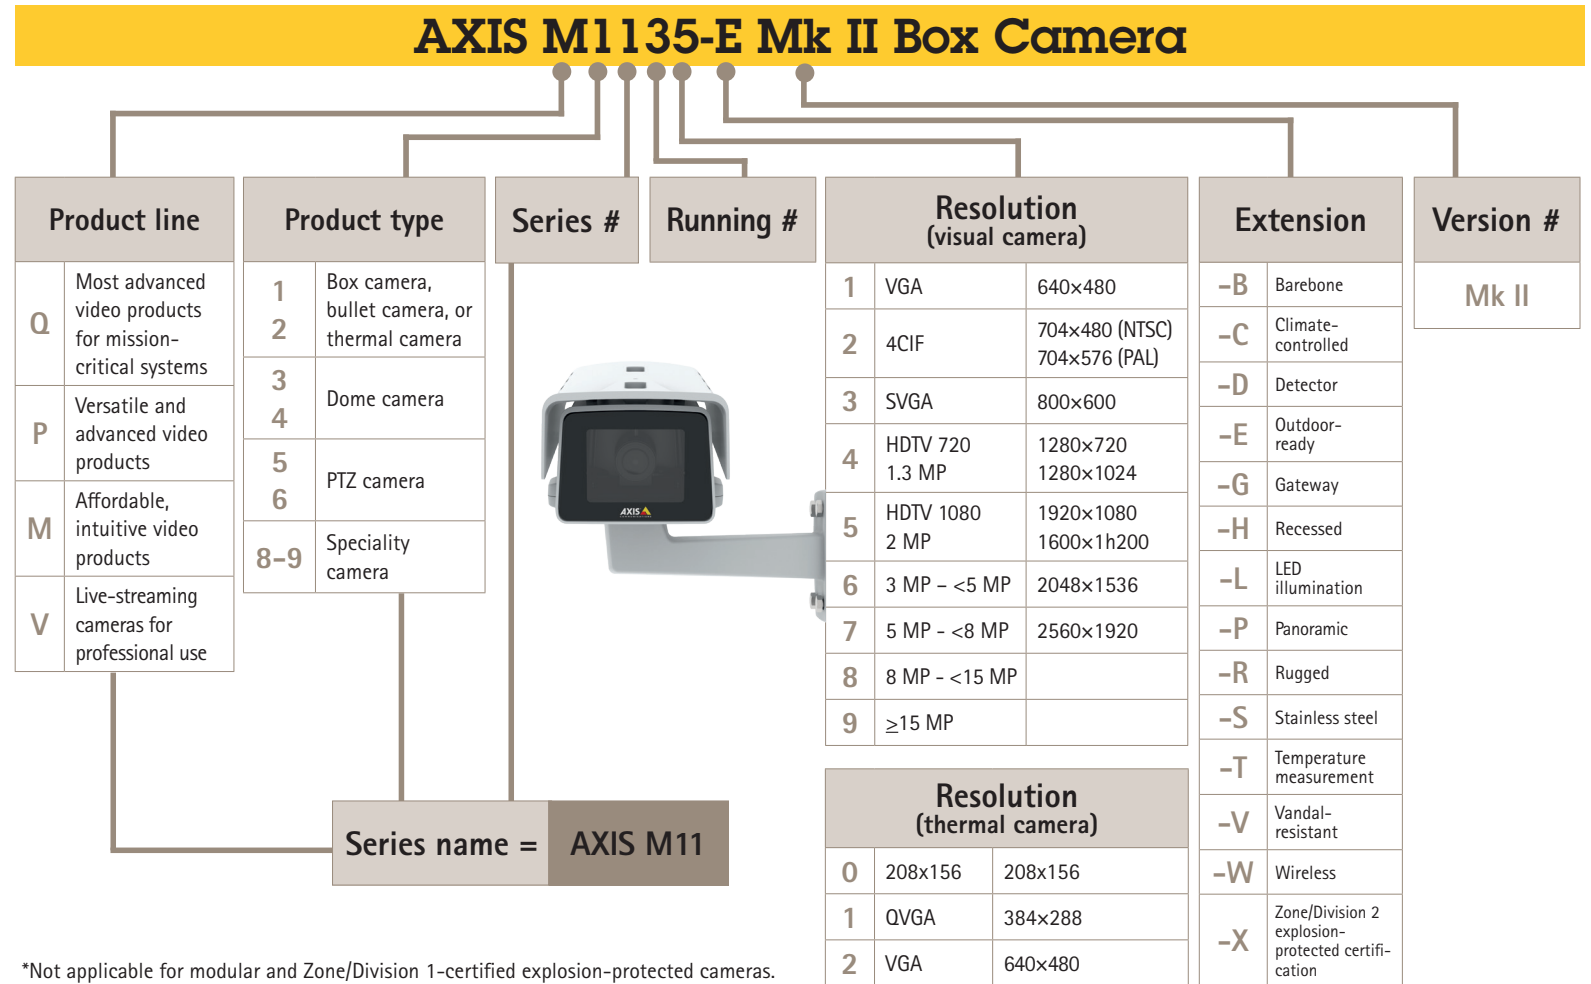

For more information, see: [Axis Communications Academy](#)

**See the product webpages for exact end of software support date.*

Product naming structure - Guide

This guide explains Axis product naming structure in a comprehensive manner and gives useful information on the product and product features. For more information, see: [Product naming structure guide](#)

*Not applicable for modular and Zone/Division 1-certified explosion-protected cameras.

Analytics

Turning data into lasting value

Axis user-friendly analytics help you automate actions, run your business smarter, and gain insights to protect, improve, and optimize.

Boost performance with AI at the edge

Gain real-time insights to enable instant action

Search and analyze video and audio quickly and easily

Detect patterns for smarter, proactive decisions

Flexibly integrate with applications and systems

AXIS Camera Application Platform

5

Add value with a wide range of compatible applications from our partners

AXIS Camera Application Platform (ACAP), launched 2009, is an open application platform from Axis. It provides a development platform for software-based solutions and systems built around Axis devices. ACAP is supported by most Axis devices such as cameras, speakers and intercoms, and opens the door to a broad selection of security, safety, and operational efficiency applications running on the edge.

For more information, please go to:
[AXIS Camera Application Platform \(ACAP\)](#)

ONVIF®

Axis products support one or several of the following ONVIF profiles:

- > Profile A – For access control configuration
- > Profile C – For door control and event management
- > Profile G – For edge storage and retrieval
- > Profile M – For metadata and events for analytics applications
- > Profile S – For basic video streaming
- > Profile T – For advanced video streaming

For more information on ONVIF, please go to: www.axis.com/onvif

Innovation that makes a difference

Our cutting-edge technologies protect people and businesses under all kinds of circumstances. From extreme weather to challenging light conditions, you can always depend on Axis for innovative surveillance solutions that meet your needs.

Solutions by technology

AV1 codec

A modern video encoding standard, optimized for video transmission over the internet.

Cloud Connect

An open hybrid cloud platform that enables managed services.

AXIS OS

AXIS OS is the Linux-based operating system used in most of your Axis network devices.

System-on-chip

Designed or selected by Axis for optimal cybersecurity and solutions.

Edge Vault

Hardware-based cybersecurity platform that safeguards your device

Scene Intelligence

A superior foundation for video analytics performance.

Zipstream

Minimize bandwidth and storage without sacrificing valuable information.

Lightfinder

Capture color images in low-light conditions, with excellent image quality and minimum motion blur.

Forensic WDR

For maximum forensic value and usability in scenes with both very bright and very dark areas.

OptimizedIR

See in complete darkness thanks to advanced and powerful camera-integrated solutions.

Image stabilization

Effectively minimize the impact of vibration and shaking to ensure reliable video.

Thermal imaging

For temperature monitoring and heat-based detection - regardless of visibility.

Radar

For wide-area detection and traffic monitoring regardless of visibility 24/7.

From analog to IP

Make the move at your own pace and benefit from the endless possibilities of a network solution.

Product quality

More than tough

Axis products are designed for reliability. We care as much about our products giving you what you need, as we do about making them robust and resilient.

We build total quality into Axis products and solutions through our meticulous attention to detail. It begins in the development of our products and continues throughout the production, configuration and testing of every product.

More information available at: www.axis.com/about-axis/sustainability

Sustainability

Responsibility along the entire value chain

Axis is increasing the use of renewable carbon-based plastics including recycled, bio-based, and carbon capture-based plastic in its products.

We apply sustainability principles across the value chain, taking into account environmental impact, people and society, and business practices.

Axis became a signatory of the UN Global Compact in 2007 and supports the UN's Sustainable Development Goals (SDGs).

Axis stays ahead of legislation by phasing out hazardous substances such as BFR/CFR/PVC.

More information available at: www.axis.com/about-axis/quality

Cybersecurity

7

Securing better cyber protection together

Axis helps you to safeguard your system and reduce the risk of cyberattacks with technologies, tools, services and guidance. We highlight some of the support we provide below.

Axis Edge Vault hardware-based cybersecurity platform

This hardware-based platform provides a solid foundation to ensure your Axis device is a trusted and reliable part of your network. Axis Edge Vault supports a wide range of use cases including supply chain protection, secure onboarding, secure key storage, and video tampering detection. For more details, visit www.axis.com/solutions/edge-vault

Device software

Keeping your device updated is essential in a robust approach to cybersecurity. Our operating system, AXIS OS, gives you the choice to upgrade devices based on two types of tracks. The long-term support (LTS) track is focused on improving cybersecurity and stability, while the active track provides new features in addition to improving cybersecurity and stability. Read more at: www.axis.com/solutions/axis-os

Device management software

The software below help you to efficiently configure and manage Axis devices, including batch processing of security tasks, such as deploying certificates and upgrading device software.

[AXIS Device Manager](#) provides efficient device management for on-site operations

[AXIS Device Manager Edge](#) offers easy device management from anywhere

[AXIS Device Manager Extend](#) enables scalable device management from anywhere

For more information, including guidance on cybersecurity best practices, as well as security advisories, visit the [cybersecurity portal](#)

AXIS Camera Station Edge Camera-to-cloud video management

Easily manage your video surveillance via the cloud. View live video, search timelines, and export recordings. Receive realtime alerts anywhere, anytime. Minimal maintenance required, with continuous updates.

Licenses included with all Axis devices. Simply insert an SD card or use an AXIS S30/S40 Recorder for a complete recording solution. Easily add new sites and devices, with no manual configuration needed.

Out-of-the-box security and full system encryption keep you secure.

www.axis.com/products/axis-camera-station-edge

AXIS Camera Station Pro Powerful and flexible video management and access control

Verified to work smoothly with Axis IP products and third-party cameras, this feature-rich VMS combines video and access control for efficient security. Manage your system on your private network with optional cloud connectivity. The intuitive interface includes live view, data insight dashboard, replay, smart search, export, video redaction for protection of third-party privacy, and a powerful action rule engine

Video Management Software		
	AXIS Camera Station Edge 	AXIS Camera Station Pro 
General		
Product compatibility	6.50 when used together with AXIS S30/S40 Recorders, otherwise 8.40	Axis total portfolio, third-party devices
Supported OS	Windows, iOS, Android	Windows, iOS, Android
Licenses	-	Licensed
Web client	✓	✓
Multisite support	✓	✓
Live view	Live view of up to 36 cameras in full screen, panoramic view, Axis Corridor Format, camera sequence, digital PTZ	Flexible live view configuration, support for prerecorded videos, Axis corridor format, camera sequence, digital PTZ, dewarp, door view, multiple monitors, hot spot, site map, web page, PTZ Control integration, timeline visualization with date and time, Axis data insights dashboard
Audio streaming	Two way audio streaming, full duplex for Axis network door station calls, half duplex for other Axis devices, echo cancellation and noise reduction	Two way audio streaming, full duplex for Axis devices, one way for third party cameras, echo cancellation and noise reduction
Event management		
Event triggers	Events triggered by AXIS Object Analytics video motion detection, AXIS Guard Suite, and I/O	Various triggers incl. motion detection, active tampering alarm, system event and error, input/output, action button, AXIS Secure Entry events, external HTTPS and device events, including AXIS Object Analytics, applications from Axis and third-parties
Event action	Record, push notifications	Record, visual notification, push notification to mobile devices, audible alert, switch to camera/view Go to PTZ preset, email, alarm procedure, external I/O acknowledgement of alarms, HTTP notification
Security		
Axis Secure Remote Access	✓	✓
Event log	✓	✓
Investigation and export		
Export	Single images in jpeg, video sequences ASF or MP4, Installation-free stand alone player included, Digital signature on exported recordings	Single images in jpeg, video sequences ASF, MP4 or MKV, Installation-free stand alone player included, digital signature on exported recordings, manual or scheduled export
Play back	Play back speed up to 8x, frame by frame, search for recordings based on camera, date and time via timeline visualization and video scrubbing	Search for recordings based on camera, date and timeline visualization, smart search including similarity search, video scrubbing, bookmarks, locking of prioritized recordings Up to 64x or frame by frame Up to 36 cameras synchronized playback
AXIS Camera Station Secure Entry		
Access control	-	Configuration: Cardholder with photo, support for Card, PIN and Duress PIN, QR code, license plate, cardholder groups, schedule door unlock, copy door configuration, card formats, identification method Management: Qualified for 10.000 cardholders, multi-server, access rules, zones, schedules, access verification, remote door control, access control event log with video

Device management software Lifecycle management for your Axis products

Whether you're running an on-premises, cloud-based, or hybrid system, Axis offers a device management software that makes it easy to protect and manage your devices throughout the lifecycle.

Audio management software

Manage and control your audio system efficiently regardless of its size and complexity.

Visit [axis.com](https://www.axis.com) or read more on page 50.

Access control management software

Access control management for every need.

Visit [axis.com](https://www.axis.com) or read more on page 52.

Body worn management software

Software and services for your bodyworn system.

Visit [axis.com](https://www.axis.com) or read more on page 46.

Body worn streaming

AXIS Body Worn Live

AXIS Body Worn Live streams live video, audio, and metadata from Axis body worn cameras. It is hosted by Axis in the cloud, or by you in your own infrastructure. Secure and reliable, it supports a sense of safety for camera wearers and informed decision making by operators.

Mobile application

AXIS Body Worn Assistant

AXIS Body Worn Assistant is an app that gives users instant access to recordings on their body worn cameras. They can review videos on the spot, categorize it, and add notes. AXIS Body Worn Live enables real-time streaming of video and audio from Axis body worn cameras, and their locations can be viewed on a map.

Body worn system controller

	AXIS W800 System Controller
	
Storage size/Encryption	480 GB / AES256
Power	Max 16W, 12 V DC
Connectors	Uplink: RJ45 10/100/1000 Mbps Device network: 5x RJ45 10/100/1000 Mbps USB 2.0
Operating temperature	0 °C to 40 °C (32 °F to 104 °F)
Sustainability	PVC free

Camera activation

AXIS W401 Body Worn Activation Kit

AXIS W401 Body Worn Activation Kit automatically activates recording by all body worn cameras in the same system when a lightbar or siren is activated, or a panic button is pressed.

About 2N

2N is a leading global manufacturer of IP intercoms with production based in the Czech Republic. The Company offers solutions including IP intercoms and access control. 2N products comply with the most stringent international standards and integrate with most third-party systems. Axis Communications distributes and supports 2N products and solutions in the Americas and Asia Pacific (please check the product availability with the Axis team for the Asia Pacific region). Choose from our wide range of open-platform IP-based products for video surveillance, analytics, access control, intercoms and audio systems.

Vertriebspartnerprogramm - Klare Umsatzvorteile.

Das Vertriebspartnerprogramm von Axis Communications ist so konzipiert, dass Systemintegratoren, Fachhändler (Value Added Reseller, VAR) und Installateure die führende Marktposition von Axis geschäftlich nutzen können. Da wir unserem Vertriebsnetz einen hohen Stellenwert einräumen, betrachten wir unsere Partner als natürliche Erweiterung unseres Teams. Sie spielen eine Schlüsselrolle bei unserer Marktstrategie und dem Gesamterfolg unseres Unternehmens. Zu den Vorzügen dieses Programms gehören eine rabattierte Demoausrüstung (nicht zum Wiederverkauf), höhere Gewinnmargen, Schulungen für Fachleute und Mitarbeiter in Technik und Vertrieb durch die Axis Communications Academy. Sie bieten den Vertriebspartnern von Axis klare Vorteile im Wettbewerb.

- > Attraktive Gewinnspannen und gezielte Unterstützung bei der Projektpreisgestaltung
- > Exklusive Sonderkonditionen auf Demoausrüstung (nicht für den Wiederverkauf, NFR)
- > Kompetenzerweiterung im Bereich Netzwerk-Video durch praxisnahe Trainings und Fachwissen
- > Profitieren Sie von der Marktführerschaft von Axis und dem starken Axis Partnernetzwerk
- > Effizienter Vertrieb durch gezielte Tools und wirkungsvolle Marketingunterstützung

Partnerkategorie und -ebenen

Das Vertriebspartnerprogramm von Axis richtet sich an Unternehmen, die derzeit eine Geschäftsbeziehung zu einem autorisierten Axis Distributor unterhalten oder aufbauen wollen. Es gibt drei Ebenen der Partnerschaft mit klaren Vorzügen und Anforderungen, die darauf ausgelegt sind, den beiderseitigen Erfolg zu fördern und die Investition unserer Partner in den Vertrieb von Axis Produkten zu belohnen.

¹ Axis unterstützt Distributoren mit Partnerrabatten, die sich nach der Partnerstufe richten. Der tatsächliche Kaufpreis wird von Ihrem Distributor festgelegt.

² Gegebenenfalls kann eine Servicegebühr anfallen. Kostenfreie Wartung bei unternehmenskritischen Installationen. Wenden Sie sich zur Fehlerbehebung und Autorisierung an den Axis Helpdesk.

³ Soweit verfügbar. Je nach lokaler Verfügbarkeit und geltenden Bedingungen.

⁴ Partner müssen Axis die Kontonummern ihrer derzeitigen Distributoren mitteilen.

Ein Partner für die Zukunft!

Registrieren Sie sich jetzt unter www.axis.com/partner, und werden Sie Vertriebspartner von Axis.

CUSTOMER STORIES | INDUSTRIE UND FERTIGUNG

Intelligentes Parksystem für zukunftsfähige Mobilität

Organisation: fair parken GmbH, Düsseldorf

Die fair parken GmbH gehört zu den führenden Anbietern für digitales Parken in Deutschland und entwickelt seit über zehn Jahren intelligente Lösungen zur Parkraumbewirtschaftung. Ein wichtiger Baustein sind kamerabasierte Systeme von Axis Communications, die eine KI-gestützte Kennzeichenerkennung sowie automatisierte Backend-Prozesse ermöglichen. Mit dem ticketlosen „FreeFlow“-System wird der gesamte Parkvorgang digital erfasst und bequem abgewickelt. Ziel ist eine effizientere Nutzung von Parkflächen, optimierte Verkehrsflüsse und die Reduzierung von CO₂-Emissionen. Datenschutz und Nachhaltigkeit stehen dabei stets im Fokus.

CUSTOMER STORIES | GESUNDHEITSWESEN

Digitale Zutrittskontrolle für kritische Infrastruktur

Organisation: BRK Landkreis Wunsiedel, Marktredwitz

Als Teil der kritischen Infrastruktur hat das BRK Landkreis Wunsiedel seine schlüsselbasierte Zutrittskontrolle durch eine moderne digitale Lösung ersetzt. Gemeinsam mit Axis Communications und Assa Abloy entstand ein flexibel skalierbares, online- und funkbasiertes Zutrittssystem. Über AXIS Camera Station Secure Entry lassen sich Zutrittsrechte zentral und in Echtzeit verwalten. Besonders sensible Bereiche, etwa der Medikamentenzugang, werden zuverlässig abgesichert. Die Lösung erhöht Sicherheit, Transparenz und erfüllt höchste DSGVO-Anforderungen.

CUSTOMER STORIES | INDUSTRIE UND FERTIGUNG

KI-gestützte Qualitätsprüfung in der Fahrzeugproduktion

Organisation: BMW Group, München

Im Rahmen des Digitalisierungsprojekts BMW iFACTORY setzt die BMW Group auf KI-basierte Bildverarbeitung zur automatisierten Qualitätsprüfung. Hochauflösende Netzwerk-Kameras von Axis erfassen entlang der Produktionslinien präzise Bild- und Videodaten. Diese werden in Echtzeit von der Plattform AIQX analysiert, um selbst kleinste Fehler frühzeitig zu erkennen. Dadurch steigen Qualität, Effizienz und Wirtschaftlichkeit der Produktion. Gleichzeitig erfüllen die Lösungen hohe Anforderungen an Cybersecurity und Nachhaltigkeit.

CUSTOMER STORIES | GASTGEWERBE

Sicherheit und Panorama am Großen Arber

Organisation: ARBER-BERGBAHN e.K., Bayerischer Wald

Die Arber Bergbahnen setzen rund 75 Netzwerk-Kameras und Lautsprecher von Axis Communications zur Überwachung ihres weitläufigen Geländes ein. Liftanlagen, Skipisten, Parkplätze und technische Bereiche werden zentral und mobil überwacht. Die Video Management Software AXIS Camera Station sorgt für eine einfache Verwaltung und hohe Transparenz. Zusätzlich stehen ausgewählte Kamerabilder den Besuchern als Live-Ausblicke im Internet zur Verfügung. Das System verbessert sowohl die Sicherheit als auch die Effizienz im laufenden Betrieb.

About Axis Communications

Axis enables a smarter and safer world by improving security, safety, operational efficiency, and business intelligence. As a network technology company and industry leader, Axis offers video surveillance, access control, intercoms, and audio solutions. These are enhanced by intelligent analytics applications and supported by high-quality training.

Axis has around 5,000 dedicated employees in over 50 countries and collaborates with technology and system integration partners worldwide to deliver customer solutions. Axis was founded in 1984, and the headquarters are in Lund, Sweden.
