

AXIS TP3908-E Tubo di prolunga

Con filettatura NPS da 1,5"

Aumenta la distanza tra la telecamera per la sorveglianza e la superficie di montaggio (soffitto, parete o palo) utilizzando questo accessorio di montaggio con tubo di prolunga. È disponibile in tre lunghezze: 15 cm (6"), 30 cm (12") e 100 cm (39"), e può essere montato sia in orizzontale che in verticale. Grazie alla filettatura NPS da 1,5", può essere fissato saldamente ad altri componenti, quali staffe di montaggio o scatole di derivazione. Realizzato in alluminio verniciato a polvere, è protetto dalla corrosione e dai graffi. Inoltre, è disponibile in nero o bianco per adattarsi in armonia con i diversi ambienti.

- > Disponibile in tre lunghezze
- > Disponibile in bianco e nero
- > Montaggio verticale o orizzontale
- > Alluminio verniciato a polvere
- > Utilizzo in ambienti interni ed esterni
