

# Axis Communications Academy

## Classroom training

# Laptop specifications

To attend an Axis Academy classroom course, you will need to bring a laptop PC.

Please check that your laptop conforms to the following recommended specifications:

- **Processor:** Intel Core i5 1.60 GHz, or better
- **Graphics adapter:** 1024x768 resolution
- **System RAM:** 4 GB (8 GB preferred)
- **Dedicated video RAM:** 1 GB
- **Browser:** Windows Internet Explorer 11 or later
- **Network connection:** 10/100MB full-duplex
- **Windows .net framework:** Version 8.1 or later
- **PC privileges:** Administrator rights required (for setting IP addresses)
- **\*Operating system:** 64-bit system
  - Windows 7 Pro 64-bit
  - Windows 8.1 Pro 64-bit
  - Windows 10 Pro 64-bit

\*A MAC computer running in Windows mode can be used, although this is not recommended.
