AXIS Camera Station

This is a technical course that will provide you with the skills necessary to successfully deploy and manage AXIS Camera Station. This course will include lectures and hands-on lab exercises designed to give you an in-depth understanding of the variety of features which will help you to take full advantage of all that AXIS Camera Station has to offer.

Learning Objectives:

- > Install and configure AXIS Camera Station
- > Navigate the interface
- > Configure events
- > Find incidents using the smart search feature
- > Manage camera parameters

0.7 ESA credits / 6 BICSI credits

Length: 1 day

Format: Classroom

Who should attend?

Anyone that will sell, support, install, configure, or manage AXIS Camera Station.

Prerequisites:

We recommend that attendees have participated in the Network Video Fundamentals classroom training.

Price: \$299

**Participants will receive 16
AXIS Camera Station licenses.**
