Price list highlights – Junly 2019

Pricing news, product and feature updates from the latest Axis Communications price list

I can see clearly now.

AXIS P1375 and **AXIS P1375–E Network Cameras** offer excellent image quality with **2MP, HDTV 1080p**, EIS, barrel distortion correction and defogging functionality. With scene profiles the camera can be automatically adjusted to suit specific scenarios. Installation is simplified with a video stream indicator to confirm the video is up and running. In addition, a CS mount and support for i-CS lenses, provides flexibility to change out lenses. This camera offers the newest generation of Axis chip, the ARTPEC-7, allowing for more power, functionality and enhanced security features.

Highlights:
> HDTV 1080p at up to 60 fps
> Zipstream with support for H.264 and H.265
> Lightfinder 2.0 and Forensic WDR

Extended warranty available

Product	Part #	MSRP
AXIS P1375	01532-001	**$649**
AXIS P1375-E (outdoor-ready)	01533-001	**$899**
AXIS Fixed Box IR Illuminator Kit A	01534-001	**$99**

A sharp lookout.

AXIS M4206–V and **AXIS M4206–LV Network Cameras** are ultra-compact, indoor, varifocal mini domes that offer clear, sharp video surveillance at an affordable price. These cameras offer a flexible field of view whether you need close-up detail or if you are looking for a hawk-eye overview. The 3–6mm varifocal lens can even be adjusted from a remote location to make installation easier. Designed for discreet installation, these mini domes can be repainted to blend in seamlessly with any interior. These cameras only require two screws to mount on the ceiling or wall which makes for a cost-effective installation.

Highlights:
> 3MP/HDTV 1080p
> Zipstream with H.264 and H.265
> Vandal resistant, IK08-rated
> Environment-friendly with over 40% recycled plastics

Extended warranty available

Product	Part #	MSRP
AXIS M4206-V	01240-001	**$419**
AXIS M4206-LV (with OptimizedIR)	01241-001	**$469**

Turn up the music.

AXIS C8210 Network Audio Amplifier is a migration device for transforming any passive speaker to a network speaker. Some of the benefits of network audio that your customers can experience include zone management for announcements (live, scheduled, or triggered) and background music. Pairing this and Axis audio management system will offer central control and allow integrating with other systems such as VoIP or network cameras.

Highlights:
> 15W power amplifier with built-in DSP
> System health monitoring
> Open standards for easy integration
> One cable for power and connectivity (PoE)

Extended warranty available

Product	Part #	MSRP
AXIS C8210	01558-001	**$399**
