Telefon +49.89.46094- 0 - Telefax +49.89.46094- 101

sales@megatron.de - www.megatron.de

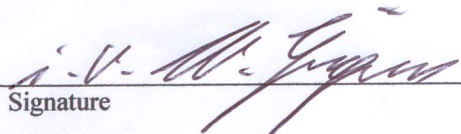

## Renaming Statement

MEGATRON Elektronik AG & Co. assures, that the part id number 100-550 corresponds to the product name IP-Desktop of the origin manufacturer of the device, CH-Products.

MEGATRON Elektronik AG & Co. renames this product to MACH V, the customer AXIS renames this product to AXIS 295 video surveillance joystick.

Technically the AXIS 295 video surveillance joystick corresponds to the origin part id number 100-550 of CH-Products.

The difference between the standard product and the proprietary version for AXIS is a customer specific USB header message, which has neither effect to EMC/RFI properties nor the standard function of the joystick as an USB-Human Interface Device.
