

Product Discontinuation Statement

The following products are covered by this statement:

- AXIS P1365
- AXIS P1365-E
- Bulk 10 pack, Barebone and Barebone Bulk 10 pack

Final Order Date

Due to an unforeseen demand for AXIS P1365 and AXIS P1365-E we have run out of stock earlier than expected. The **Final Date** that a Discontinued Product in the list below can be purchased from Axis is **June 17th, 2016**.

However, AXIS P1365 Mk II and AXIS P1365-E Mk II are close to identical in specifications to existing AXIS P1365 and AXIS P1365-E but with improved light sensitivity. We are very sorry for all the short notice and the inconvenience this is causing you and your customer.

Support and RMA Policy

Axis will continue to give world-class support and RMA service for the Discontinued Product until **June 17th, 2021**, which is always 5 years after the final order date. As long as the product is within the warranty period, the RMA service is for free. If the warranty period has expired the Out Of Warranty price list applies.

Axis RMA service will be based on the Discontinued Product as the primary alternative. When this is not possible, the replacement product will automatically be the alternative stated in the table above.

No additional feature development will be made for the Discontinued Product, effective **June 17th, 2016**.
