

Product Discontinuation Statement

This document outlines Axis products that have been discontinued, as well as the relevant replacement products.

The product types covered by this statement are:

- AXIS P5512 PTZ Network Camera, all sales articles
- AXIS P5512-E PTZ Network Camera, all sales articles

Final Order Date

Since sales of AXIS P5512 have increased unexpectedly and we are lacking components for further manufacturing we have already run out of stock for almost all models of AXIS P5512. There are exceptions, please check with Order since this is changing rapidly.

Since AXIS P5512/-E is out of stock customers will receive the successor AXIS P5514/-E instead. AXIS P5514 have the same size, design, mechanics and are 100% compatible with AXIS P5512 but have HDTV 720p resolution (AXIS P5512 only D1) better light sensitivity and lower price. We believe that customer will appreciate to get a better version to a better all over price.

We are very sorry for all the unconvinced this is causing you and your customer. But we also believe that when customers are using AXIS P5514 they will appreciate the better image quality and in most case, sufficient lower price.

Discontinued Core Products

Discontinued Product	Replacement Product
AXIS P5512 50Hz [0408-xxx]	AXIS P5514 50Hz

AXIS P5512-E EU 60Hz [6411-xxx]	AXIS P5514-E 60Hz

RMA Policy

Axis will supply customers with the Discontinued Product as the primary alternative. When this is not possible, we shall send Replacement product according to above list.

Support Policy

Axis will continue to give world-class support for the Discontinued Products until January 3, 2021, or if the product warranty period extends beyond this as long as the product has warranty. No additional feature development will be made on the Discontinued Products effective July 1st, 2015.

Lund, Sweden, August 21, 2015
