

Product Discontinuation Statement

This document outlines Axis products that have been discontinued or will be discontinued, and indicates the relevant replacement products.

The following products are covered by this statement:

- XF40-Q1765 EAC
- XP40-Q1765 EAC

Final Order Date

The reason for this discontinuation is that the products have changed part numbers, due to updated EAC certificates. No changes are made to the replacement products, so no final order date is set.

Discontinued Products

Discontinued Product	Replacement Product
XF40-Q1765 EAC [0835-061]	XF40-Q1765 EAC [01485-001]

Support and RMA Policy

Axis will continue to give world-class support and RMA service for the Discontinued Products until **July 4, 2023**. As long as the product is within the warranty period, the RMA service is for free. If the warranty period has expired, the Out Of Warranty price list applies.

Axis RMA service will be based on the Discontinued Products as the primary alternative. When this is not possible, the replacement product will automatically be the alternative stated in the table above.

No additional feature development will be made for the Discontinued Products, effective **July 4, 2018**.
