

## Revoke - Product Discontinuation Statement

This document serves as a revocation of an earlier sent discontinuation of this accessory.

The following product is covered by this statement:

| Revocation of Discontinued Product              |
|---|
| ACC LENS CS VF 9-40MM F1.5 P-IRIS MP (5504-901) |

This product was earlier discontinued since it was thought not to have been compatible with active cameras. Generally, we know that the lens will work with active products but those compatibilities not yet in PIA. PIE team being scheduled to do compatibility tests. After those test are done PIA will be updated with active products. All products in PIA currently compatible are discontinued.
