AXIS P3364-LVE Network Camera
Vandal-resistant with IR illumination, remote focus and zoom

AXIS P3364-LVE features Axis' OptimizedIR, an IR LED technology providing automatic illumination of a scene in complete darkness. The day and night camera offers superb video performance in HDTV 720p/1 MP resolution. It provides multiple, individually configurable H.264 and Motion JPEG video streams. Digital pan/tilt/zoom allows a view cropped from the full view to be streamed for viewing or recording. P-iris control provides optimal depth of field, resolution, image contrast and clarity. AXIS P3364-LVE supports Axis' Lightfinder technology, making it extremely sensitive to low light. With its weather-proof and vandal-resistant casing, it is perfectly adapted for harsh environments. Its operating temperature ranges from −40 °C to 55 °C (−40 °F to 131 °F).
