

## AXIS T92F10 Outdoor Housing

### Affordable fixed camera housing

AXIS T92F10 Outdoor Housing is an affordable aluminum housing for fixed cameras. With built-in heater and fan, the housing can operate at a temperature range of -30 °C to 55 °C (-22 °F to 131 °F). The IP66/IP67 rating makes this housing suitable for both indoor and outdoor use in different weather conditions. AXIS T92F10 Outdoor Housings can be powered with 24 V AC and power up network cameras with 12 V DC or 24 V AC. The housing requires a separately-sold wall mount, and can also be mounted on poles with the optional pole mount.

- > Indoor and outdoor use with built-in heater and fan
- > Weather protection against rain and dust
- > Impact protection
- > AC input to power both housing and camera
