AXIS T98A18-VE Surveillance Cabinet

A robust cabinet for easy installation of critical system equipment

AXIS T98A18-VE Surveillance Cabinet is a unique, outdoor-ready cabinet, specially designed for Axis outdoor network cameras. It protects main power and low-voltage units from tough weather and vandalism.

AXIS T98A18-VE is a part of a cabinet series that protects your installation against vandalism and tampering acts, it is weatherproof against the ingress of dust, water, ice and outside temperature. It represents a system solution that is designed for electrical safety and ease of installation to save you time and money in the field.

AXIS T98A18-VE Surveillance Cabinet fits many accessories such as midspan, power supply and media converter switches used for a network camera installation.

The Axis camera can be mounted on the door of the cabinet, which is already prepared with drill holes to match Axis’ PTZ and fixed domes with pendant kit. All cabinets in the series come with a mounting plate to simplify installation and cable protection.

AXIS T98A-VE Cabinet Series is ideal in city surveillance or critical infrastructure installations where a sturdy, vandal-resistant and water-protected box is a must.

Datasheet

> Custom designed for PTZ and fixed domes with pendant kit
> Ease of installation
> Vandal resistant
> Weatherproof
